YEAR OF THE PIG

Happy Chinese New Year

February

People born in the year of the pig are generous, intelligent and have hearts of gold. They have impeccable manners, delight in finery and tend to be optimistic despite all evidence to the contrary. Even though pigs can be obstinate and materialistic at times, they make wonderful friends.

2006 was a wonderful year for me. Thanks for your part in making it so successful for me. In appreciation, I'm giving away packs of Herbal Throat Drops. Stop by in February to receive your gift!
